# “Your Loan Modification Licensing and Rules Special Reports”

## ORDER FORM

The Loan Modification Licensing and Rules Special Reports will answer your questions about what licensing your company needs in the states you are doing business. You can purchase one state, a group of states or even the entire state matrix for all fifty states and the District of Columbia.

These State Reports identify the applicable laws, provide state law citations, describe advance fee agreement requirements and identify for you the potential licensing requirements that affect your company. In addition, the State Reports provide you with all loan modification bulletins from state agencies where available. Lastly, any pending legislation will be followed and updated accordingly on the matrix via our update service. Every purchase includes six months of updates regarding law changes sent to you via secure email.

Please note that these matrices will be delivered to you via email within three to five business days of our receipt of your order.

- Cost of Each State Loan Modification Rules Report: \$100.00\*
